FLEET VEHICLE DECALS

ADDENDUM #1

Question received as of 9:42 a.m. on April 11, 2018 regarding the RFP – Fleet Vehicle Decals. The following clarification supersedes the RFP document issued on April 5, 2018. Please acknowledge receipt of this Addendum by inserting its number and date on the RFP proposal.

Question:

- 1) For clarification, all these decals would be printed on reflective material. Are they to be die cut or produced with a white background?

Response:

Print materials used must be suitable material as used in best practice. Print materials must be sustainable to all weather conditions, reflective and suitable for long term, multi-year usage. A white background would not be considered best practice.
